Bavarnno has exceptional paces that are uphill and powerful whilst still being light and elastic. He combines excellent conformation with flamboyant movement and a lovely temperament

His breeder described him as the biggest show off to date produced by his sire Umenno. His bloodlines combine genes from the world's leading studbooks in both dressage and jumping.

His first foals are due Spring 2012. He is an ideal sire to produce Sports Horses both dressage and jumping.

**Bavarnno's** sire, **Umenno** has had many wins both showing and Show Jumping including Winner of the five year classes at Bicton and the six year old class in St Legier Switzerland. He is currently in South Africa where he has dominated the circuit.

**Nimmerdor** has had a tremendous, far-reaching influence upon the world of equestrian breeding and has sired over 50 Approved sons as well as a multitude of international show jumpers and exceptional brood mares.

**Evelien** was daughter of the world famous Approved coloured Stallion, **Samber**. He achieved ZZ level in Show Jumping and Grand Prix level in Dressage. Samber has also proven himself a remarkable sire producing successful offspring in all Olympic disciplines.

**Velita** was imported from Holland she was awarded the Ster predicate at the SSH grading with excellent marks for movement.

**Goodtimes** is an allround breeding stallion who produces show worthy horses for both dressage and jumping at both national & international level.

**Ulft** approved by the KWPN in 1981. The most notable of his offspring was the stallion, Ferro and assisted the Dutch team in achieving a team silver medal.

**Zita's** daughter **Felita** has produced excellent sports horses and successful horses both in EMPT tests and at the KWPN Keurings.
