Challenger has competed in all disciplines - successfully shown as a youngster, Cross Country, Show Jumping, even long distance rides and mock hunts - showing the versatility of the breed and his amazing temperament.

He is currently competing at Advanced level and has gained over 300 points. He qualified for the British Dressage National Championship Elementary Restricted as a 7 year old and the Winter Championships Advanced Medium Free Style to Music 2008.

He is ideally suited as a sire to add some more bone to the lighter type of mare. Passes his super temperament onto his offspring whilst still producing athletic horses suited to dressage or jumping.
